

# Idaho Forest Legacy Program

## Conserving our Working Forests

### Goals

- 1) Identify high priority forestlands in Idaho
- 2) Maintain the cultural and economic stability of rural communities by conserving working forest landscapes
- 3) Conserve and/or enhance water quality
- 4) Maintain unique forest habitats
- 5) Protect and provide habitat for native fish, wildlife and plants
- 6) Protect the social values that forests provide such as public recreation, scenic, cultural and historical values
